## **St. John's School**

### **Policy on Controlled Assessments**

#### **Overview**

The School will follow the 'Instructions for Controlled Assessments', as determined and published by the Joint Council for Qualifications (JCQ).

Where the JCQ makes a "recommendation", as far as possible we will make that a requirement of our day to day practice.

Our practice will be such that there is consistency of approach, and systems, across all subjects as well as within subjects.

#### **Where Assessments Take Place**

Wherever practicable, Controlled Assessments will take place **within the normal timetabled lesson** for a subject, in the normal teaching space.

Wherever possible, Controlled Assessments will take place without an external invigilator.

#### **Supervision**

The School will ensure that all staff involved in the conduct of controlled assessments:

- understand the level of control to be applied
- ensure that supervision requirements are met – formal, informal or limited – as determined by the specific Awarding Body specification

#### **Candidates with access arrangements**

The school seeks, where appropriate, to ensure that arrangements are in place to enable students with particular requirements to access assessment. The overriding principle is that if a student has an access arrangement as part of his or her normal way of working and he/she requires such an arrangement for the written component(s), then a similar arrangement should be made for the controlled assessment(s).

The School will ensure that teaching staff are aware of any access arrangements which need to be applied during a controlled assessment session.

The School will ensure that applications for access arrangements for individual students will be made in accordance with Awarding Body requirements.

#### **Security**

Controlled Assessments will be stored in a secure place, with secure storage defined as a locked steel cabinet, a metal cabinet or similar cabinet.

#### **Appeals Procedure**

The School has a published Appeals Policy and Procedure which candidates can invoke if they are unhappy with any aspect of Controlled Assessment delivery within the School. Details of this Appeals Procedure are published on the School website.
