English Lit	History	Applied Business	RE	Geography
Maths	BTEC Sport	Biology	Chemistry	French*
Product Design	Film Studies	Music	German	Physics
Cambridge ICT		Art		BTEC Health & Social Care

What courses should you take?

This will depend upon your actual GCSE results and you will have been guided to a particular pathway during meetings. A minimum of 5 A*-Cs at GCSE level, usually to include English and Mathematics, is the minimum entry requirement to commence A Level studies.

Pathway 1— Four Level 3 courses (those with A*/A and one B only).

Pathway 2— Three Level 3 courses (B's and C's) or an AS if subjects are offering this and the student is capable.

Pathway 3— Foundation year (those that have not achieved 5 A*-C) to include GCSE resit. There could be the opportunity to study one Level 3 subject but will be on a case by case.

NB: Please note that Further Maths is available for students opting for Maths (4 lessons). In addition all students will be timetabled core PE lessons, PSHCE and encouraged to follow an enrichment programme.

*We currently cannot guarantee being able to offer French due to staffing, but this will be confirmed by August 2017. We would therefore advise students to have a second choice if they intend to opt for French.
