

St John's School Options

Year 10 Options 2017—19

Name: _____ Form: _____ Tour-Ex Date: _____

During years 10 and 11 you will study all of the subjects inside this box and they will take up 30 of the 50 periods available each fortnight. The remaining 20 periods will be taken up by option choices.

Maths (8 periods)	1 x GCSE
English (8 periods)	2 x GCSEs
Science (9 periods)	Up to 2 x GCSEs
Physical Education (4 periods)	N/A
Social, Moral and Spiritual Education (1 period)	N/A

Look at the complete list of subjects across the following **boxes A to D** and indicate your first and second choice. For example, write a 1 against the subject you would most like to take, and a 2 against your next most popular choice. The reason for this is that whilst every effort is made to accommodate all first choices, occasionally some options will not be viable and so second choices are allocated.

We shall do our best to match up courses to the student's first choice preference but this cannot be guaranteed in every instance. Also, it is worth reminding you that choosing an option does not necessarily guarantee final entry into the exam.

Please remember that all students need to opt for at least 1 Ebacc subject as indicated by the * but that students can opt for all for as many Ebacc subjects as they like. Also if you would like to study both French and German please contact Mr Armstrong to discuss this further.

***NOTE: Please complete this form that needs to be signed by your parent/
guardian, and returned to your Tutor by
Friday 24th March 2015.***

Thank you.
