All schools are legally required to record details of enrolled pupils. The information supplied on this school place application form will be used for the purposes of admission as well as recording of the required data.

Please complete one form in **BLOCK CAPITALS** for each child/young person.

The information required by the MoD Schools head teacher includes the school place application form and the MoD 'Pupil Information Profile' (PIP) which you, as a parent, need to have completed by your child's current school.

The PIP template can be found as Appendix 2 to this pack and is also accessible online via the link: <https://www.gov.uk/government/publications/pupil-information-profile-for-military-service-children>

Please email both the application form and the PIP to the MoD school. That will enable the head teacher to make a decision on allocation. (General admissions information can be found at Appendix 1). Once a place is allocated the head teacher will then issue you with an 'educational clearance certificate' which you will require prior to your move.

Further advice can be sought from the relevant MoD school.

## **MoD Schools Admissions 2018-19**

### **Appendix 1**

- General Information

MoD Schools is part of the MoD Directorate of Children and Young People (DCYP). MoD Schools provides the children of Her Majesty's Armed Forces and other members of the Ministry of Defence stationed overseas with access to a first-class education system. MoD Schools provision mirrors that of the maintained school sector in England from Foundation Stage through to sixth form, working to ensure that children and young people benefit from their stay overseas.

MoD schools follow the English National Curriculum, administer national curriculum tests and public examinations and are inspected by Her Majesty's Inspectors (HMI) under the Ofsted Section 5 Framework.

Teachers in MoD Schools are UK qualified professionals specifically recruited for overseas service and each school has a School Governance Committee, representative of the local service community, which functions in a manner similar to the way in which Governors work in the UK.

HQ DCYP maintains 'Pupil and Family Services' (P&FS) which includes educational psychologists, social workers and SEN specialist teachers. P&FS staff work closely with families, schools and other organisations such as the health, social care and welfare staff.

MoD schools which cover all primary and secondary age year groups are established in British Forces Germany (Paderborn, Gutersloh and Bielefeld) and British Forces Cyprus (ESBA and WESBA areas). MoD primary school provision is available in Brunei, Brunssum, Falkland Islands, Naples, Ramstein and SHAPE.

Outside of the geographical areas of BFG and BFC all secondary age provision is through international arrangements with host nation and independent schools. (N.B. For information SCE is not responsible for any international school arrangement. The funding for international school placements is through the chain of command and further advice is available from CEAS)

This application form is for use for all applications to an MoD school or setting.

- Special Educational and/or Additional Needs

Children with a wide range of special educational and/or additional needs/disabilities are supported in MoD Schools. All MoD Schools provision is inclusive and therefore MoD Schools does not maintain special schools, special units or pupil referral units. To ensure that the MoD duty of care is fulfilled, for all children and young people, any questions regarding the individual support required for SEN and additional needs is verified prior to moving overseas through the 'MoD Assessment of Supportability Overseas' (MASO). Very occasionally certain additional needs cannot be supported overseas (e.g. children who are already being provided for within highly specialised education provision in the UK e.g. as detailed in an EHC plan for England or children with complex health care needs).

Advice about provision for individual service children with Special or Additional Needs should, in the first instance, be made to the UK-based Children's Education Advisory Service (CEAS).

- Children's Education Advisory Service (CEAS)

**CEAS** is part of the MoD Directorate of Children and Young People (DCYP). CEAS provides a dedicated information, advice and support service for Service and MoD families covering all aspects of children's education both in the UK and overseas, particularly those overseas locations which are not covered by a SCE school (for example, Canada, Kenya etc). CEAS provides advice and guidance on all aspects of accessing school places and appropriate education provision.

- Age of first admission

Children are admitted termly to Foundation Stage 1 settings. A child is eligible for admission from the beginning of the term following his/her third birthday. For this purpose, terms are defined as beginning on 1 September, 1 January, and 1 April regardless of actual term dates.

Children are admitted annually to Foundation Stage 2 classes. A child is eligible for admission from the beginning of the school year following his/her fourth birthday. For this purpose, the school year is defined as beginning on 1 September regardless of actual term dates.

- Transfer of service children between schools

Service children will also move from overseas to the UK as well as from one overseas location to another overseas location.

In all circumstances it is essential to establish contact with any destination school, or destination local authority, at the earliest possible opportunity.

For service children moving around the UK or from overseas to the UK, it is vital to note that educational provision includes a number of arrangements, for example schools which are 'maintained' by a local authority, schools in England which are 'academies' (and therefore funded directly from the DfE) as well as other provision such as independent schools etc

Advice and guidance on the transfer of service children between any schools as well as support with service parent appeals for school places is available from CEAS.

### Pupil Information Profile (Service Children)

The Pupil Information Profile is completed by the current school and contains core information that supports a young person's future learning as s/he moves to a new school. It also signposts the receiving school to any further additional, significant information about the young person.

### **Non-entitled Fee-Paying Students**

18. Where there is spare capacity at a MoD school, non-entitled students may be admitted on a fee-paying basis, subject to the conditions set out below.

19. Application for admission of a non-entitled student to a MoD school should be made by the parent/carer to the head teacher of the school on MoD Schools Admission Form (please only complete the application form after direct contact with the head teacher).

Where there is doubt concerning spare capacity, the head teacher should seek advice from HQ DCYP.

The existence of spare capacity will depend upon the school's physical capacity and the official staffing level. The education provided for entitled students must not be adversely affected by the admission of non-entitled students.

20. Where there is insufficient capacity at a MoD school to admit all non-entitled applicants, the admission criteria will be applied in the order shown in Para 40 JSP 342 once all entitled students have been placed.

21. It is a condition of entry for non-entitled students that they should have sufficient command of the English language, both written and spoken, to benefit from the teaching given without the need for additional language support. The head teacher should confirm through MoD Schools admission process that the child has sufficient command of the English language.

22. Once admitted to a MoD school, a non-entitled student will not be excluded from that school at a later date due to a reduction in the extent of any spare capacity.

23. Fees for non-entitled students are determined by DCYP. Rates are published annually.

24. Fees for fee-paying students are payable upon admission and before the start of the half term in that term. Pupils leaving during the term will be liable for the fees up until the end of the current half term.

No refund will be made for students leaving school early after completing public examinations or for pupils who are temporarily or permanently excluded from the school due to misconduct. An appropriate refund of fees may be made if a school is closed because of the exigencies of the Service or in other exceptional circumstances at the discretion of the Director of Education DCPY.

25. Fee paying will cover all the facilities normally provided for entitled students at the school, including routine medical and dental inspections, but not treatment or inoculations.

Service medical centres will provide emergency treatment only for non-entitled students, and will raise bills against the parents for such treatment. Parents/carers of non-entitled students should ensure that their children have insurance cover for medical expenses arising due to illness or accident.

26. Parents/carers of fee-paying students will be expected to make their own arrangements for the transport of their children to and from school.

27. Parents/carers of all non-entitled students will need to undergo appropriate security clearances to gain access to MoD schools. Advice on local arrangements should be sought from the head teacher once a successful application has been made.
