

Strategic
Command

Dear Parents,

Thank you for your understanding and flexibility over the past couple of weeks and we would like to congratulate you for making remote learning work. We know that this has been a challenge but we hope that it has been enjoyable too.

In light of the recent enhanced restrictions we have decided that our schools and Early Years Settings will not reopen after the Easter holiday. They will remain closed until further notice, as they are in the UK. We will continue to liaise closely with the ROC and the UK in order to allow us to review the situation regularly. We will keep you updated.

During 'term time' we will continue with remote learning and support in all our schools and early years settings. This will re-start on 20 April.

Our Early Years settings will continue to provide enduring care for the children of our mission critical dual serving/working and single parents where no other arrangements are possible, as well as for our vulnerable children.

Thank you all for your support during these unprecedented times.

Major General Rob Thomson
Administrator of the Sovereign Base Areas and Commander British Forces Cyprus

Nicola Goulding
Assistant Chief Education Officer
