

Student Name:

Year 10 Options 2022 - 24

During years 10 and 11 you will study all of the subjects inside this box and they will take up 32 of the 50 periods available each fortnight. The remaining 18 periods will be taken up by option choices.

Maths (8 periods)	1 x GCSE
English (8 periods)	2 x GCSEs
Science (12 periods)	Up to 3 x GCSEs
Physical Education (3 periods)	N/A
PSHE (Personal, Social, Health & Economic Education (1 period)	N/A

Look at the complete list of subjects across the following **boxes A to C** and indicate your first and second choice. For example, write a 1 against the subject you would most like to take, and a 2 against your next most popular choice. The reason for this is that whilst every effort is made to accommodate all first choices, occasionally some options will not be viable and so second choices are allocated. **If you leave it blank you may be allocated a subject you really do not want to study**

We shall do our best to match up courses to the student's first choice preference but this cannot be guaranteed in every instance. Also, it is worth reminding you that choosing an option does not necessarily guarantee final entry into the exam.

Please remember that all students need to opt for at least 1 Ebacc subject as indicated by the * but that students can opt for all for as many Ebacc subjects as they like.

NOTE: Please complete this form that needs to be signed by your parent/ guardian, and returned to your Tutor by

Friday 8th April 2022

Thank you.

Options: A & B

Option A	Worth	Time allocation	1st or 2nd choice
