Dear Families,

It doesn't seem five minutes since we returned from the Christmas break, yet this short five week term has come to an end! The final week was undertaken with equal pace to those preceding it.

On Tuesday we were joined by colleagues from King Richard School and the Department of Children's Services for a peer review. I continue to be encouraged by the progress we are making as a school. The review team cited a clear improvement in the challenge offered by lessons and how students are being asked to think hard. Furthermore, students applauded our whole school response to inappropriate language, stating that there had been a noticeable reduction and a perceived eradication of homophobic language.

Elsewhere this week we enjoyed the opportunity to host parents of Year 8 at Tuesday's Parent Afternoon. This was followed on Wednesday with a pre-trip meeting ahead of our school trip to Berlin and then on Thursday with our Parent Forum and Post 18 Careers Event.

Throughout this week you may have heard Jacob and Kaitlyn on BFBS. They have been advocating Children's Mental Health Week, following up their radio broadcasts with whole school assemblies at Akrotiri Primary School and Episkopi Primary School.

Transport Costs

As has become commonplace in UK schools, we are now in a position where we are unable to fund transport costs for residentials and school trips from the school's delegated budget. We still wish to provide these enrichment opportunities and therefore must add this element to the overall trip cost. We will continue to try and minimise costs, by exploring grants and continued fund raising, but there will likely be some increase when compared to previous years. This is with the exception of sporting events, where your child may have been selected to represent the school.

Headteacher's Surgery - Akrotiri Hive

On Thursday 22nd February 0900—1000hrs, parents and/or members of the BFC community are welcome to drop into the Akrotiri Hive, without appointment, to meet the Deputy Headteacher, Stephen Dixon, to discuss any ideas or issues concerning St John's School.

This approach draws similarities from the MP Local Constituency Surgeries you may be familiar with in the UK and it is hoped that it will prove a useful opportunity to share ideas that help improve the provision we provide to the young

Key Stage 3 students will continue with their study of Shakespeare, alongside developing their extended writing after half-term.

WILLIAM SHAKESPEARE

By Olivia-Mae (Y7)

WHO WAS HE?

William Shakespeare was a famous playwright, estimated to be born on the 23rd of April 1564 but back then they did not keep birth certificates but from what we have deciphered from his baptism dates we assume that this was his birth date. Shakespeare went on to go to a wealthy grammar school name Kings New School and then later went on to study drama and did theatre and acting for a while until he went down the play writing path. He wrote 154 sonnets and many famous plays consisting of

Romeo and Juliet, Hamlet, Othello and many more. When Shakespeare was 18 he married a woman named Anne Hathaway, it was rumoured that they decided to get married extremely quick because Anne was pregnant before the proposal which was extremely frowned upon in those days especially with how religious they were then.
